

› Voluntary Critical Illness Insurance

An unexpected critical illness can have a lasting impact on you and your family – physically, emotionally and financially.

As an active employee of Avila University, you can give your family the extra security they need to lessen the financial impact of a serious illness by purchasing Critical Illness insurance through United of Omaha Life Insurance Company.

A critical illness insurance policy provides a lump-sum cash benefit upon diagnosis of a critical illness like a heart attack, stroke or cancer. The benefit can be used to pay out-of-pocket expenses or to supplement your daily cost of living.

How much insurance is enough?

Even if you have the best health insurance plan, it will not cover 100 percent of medical expenses. You also need to consider other expenses associated with the recovery process – time off work, travel to treatment centers, home modifications – that may quickly deplete your savings.

Coverage guidelines and benefits are outlined in the chart below.

VOLUNTARY CRITICAL ILLNESS COVERAGE SELECTION AND PREMIUM CALCULATION

Please note that the premium amounts presented below may vary slightly from the amounts provided on your enrollment form, due to rounding.

To select your benefit amount and calculate your premium, do the following:

- 1) Locate the benefit amount you want from the top row of the employee premium table. Your benefit amount must be in an increment of \$5,000. Refer to the Coverage Guidelines section for minimums and maximums, if needed.
- 2) Find your age bracket in the far left column.
- 3) Your premium amount is found in the box where the row (your age) and the column (benefit amount) intersect.
- 4) Enter the benefit and premium amounts into their respective areas in the Voluntary Critical Illness section of your enrollment form.

If the benefit amount you want to select is greater than any amount in the table below, select the benefit amount from the top row that when multiplied by another number results in the benefit amount you want to select. For example, if you want \$20,000 in coverage, you obtain your premium amount by multiplying the rate for \$10,000 times 2.

EMPLOYEE OR SPOUSE - 24 PAYROLL DEDUCTIONS PER YEAR				
Age	\$5,000	\$10,000	\$15,000	\$20,000
0 - 29	\$1.53	\$3.05	\$4.58	\$6.10
30 - 39	\$2.35	\$4.70	\$7.05	\$9.40
40 - 49	\$4.35	\$8.70	\$13.05	\$17.40
50 - 59	\$8.23	\$16.45	\$24.68	\$32.90
60+	\$15.53	\$31.05	\$46.58	\$62.10

Child dependent coverage is offered at no additional cost.

Follow the method described above to select a benefit amount and calculate premiums for optional dependent spouse coverage.

Your spouse's rate is based on your age, so find your age bracket in the far left column of the Spouse Premium Table. Your spouse's premium amount is found in the box where the row (the age) and the column (benefit amount) intersect. Your spouse's benefit amount must be in an increment of \$5,000. Refer to the Coverage Guidelines section for minimums and maximums, if needed.
